Date: 07.12.2019

Circular

The department of Civil Engineering is organizing Value added course on “Fundamentals and applications of ARC GIS and QGIS” from 12th to 18th December 2019. The resource person for the program is Mr.Raju Bathini and Mr.M.Srinivas.

All the students must register for the training by consulting the coordinator B.Vamshi Krishna, Assistant Professor, Civil Department. The detailed schedule will be displayed on the department notice board.

HOD-CE

Principal
Malla Reddy Engineering College
Maisammaguda, Dhulapally,
(Post Via Kompally), Sec'bad-500100

Advisory Committee:

Chief Patrons: Sri. Ch. Malla Reddy, Minister-Telangana State-India.

Founder Chairman
Malla Reddy Group of Institutions

Patrons: Sri.Ch. Mahender Reddy
Secretary, MRGI
Dr.Ch.Bhadra Reddy
President, MRGI

Co-Patrons: Dr.A.RamaSwami Reddy
Director, MREC (A)
Dr. A.Raveendra
Principal, MREC (A)

Convener:Dr. J. Selwyn Babu
HOD CIVIL

Coordinator: B.Vamshi Krishna
Assistant Professor, CIVIL

Organizing Committee:

Dr. J. Selwyn Babu, Professor, Civil
Dr. J. Rex, Associate Professor, Civil
Dr. K. Shimola, Professor, Civil
Dr. M.V.Jagannadha Kumar, Associate Professor, Civil
Dr. G. Venkata Ramana, Professor, Civil
G. Madan Mohan Reddy
Dr.V Lakshmi Shireen Banu, Professor, Civil
Dr. P.V.S. Vara Prasad, Professor, Civil
Dr Shiva Reddy M.S, Professor, Civil
Dr. C. M. Vivek Vardhan, Assoc. Prof., Civil
Dr. P.Saritha, Associate Professor, Civil
R. Sumathi,Assistant Professor, Civil
K. Harshada, Assistant Professor, Civil
B. Vamsi Krishna, Assistant Professor, Civil
G. Krishna Rao, Assistant Professor, Civil

*A Six Day Skill development Course

About the Institution

Malla Reddy Engineering College (Autonomous) is one of the reputed engineering colleges in Hyderabad, Telangana. **MREC (A)** is part of Malla Reddy Group of Institutions (MRGI), founded by Sri. Ch. Malla Reddy, currently Hon'ble Minister, Labor and Employment, Factories, Women and Child Welfare and Skill Development, Govt. of Telangana State. The college is situated in a serene, lush green environment in Maisammaguda, Gundlapochampally, Medchal(M), Medchal-Malkajgiri District Telangana- 500100.

The college was established in 2002 and is an autonomous institution approved by UGC and affiliated to JNTUH. The college is re-accredited by NAAC with 'A' Grade (II Cycle) and was conferred autonomous status by JNTUH in 2011 and by UGC in 2014 for a period of 6 years. Our eligible UG and PG programs received NBA accreditation and some of them received reaccreditation too. along with programs in various streams of Engineering & Technology and Management. It boasts of world-class infrastructure and well-equipped laboratories in all departments and is skillfully and smartly guided by **Dr. A. Ramaswami Reddy, Director, MREC (A)** and **Dr. A. Raveendra, Principal, MREC (A)** who have a rich teaching and industrial experience

About the Department:

The Department of Civil Engineering at MREC has been producing high quality technical manpower needed by industry, R&D organizations, and academic institutions since

2004 with an Intake of 60. The intake has been increased to 120 in the year 2009 and 180 in the year 2014. The Department started offering M.Tech with Structural Engineering specialization in 2010 with an intake of 18, two more courses at P.G level- geotechnical engineering and transportation engineering are being offered from the academic year 2013-2014 with an intake of 24 each. The department was accredited by NBA in the year 2014.

Overview of the Programme:

The primary responsibility of student is not only to study towards a higher vision but also create a strong sense of bonding between the institution and the students to nurture a stress-free holistic environment. To enhance the quality of life for the students enabling them to introspect and learn techniques that imbibe ethics & morals in their teaching and help pre-prepare students for active and successful participation in a modern society, producing individuals of high character, probity and honor.

Proposed VAC is helping to imbibe the skills and competencies required to achieve goals directed by values, to maintain and enhance faculty effectiveness by inculcating dynamism and leadership qualities and to develop commitment and ethical approach towards work, and instill a sense of responsibility towards the institution. Also to enhance communication and soft skills, by introducing innovative teaching methodologies and developing an inter-personal connection with students. To achieve this goal, Art of Living foundation is conducting this workshop through ATAL.

Objectives of the Programme:

- To imbibe the skills and competencies required to achieve goals directed by values.
- To maintain and enhance student effectiveness by inculcating dynamism and leadership qualities.
- To develop commitment and ethical approach towards work, and instill a sense of responsibility towards the companies.
- To enhance communication and soft skills of the students by introducing innovative methodologies and developing an interpersonal connection.

Topics to be covered:

- ❖ Introduction to GIS
- ❖ Vector Data Model
- ❖ Map Creation

Test and Certificate:

A test will be conducted at the end of the program and the certificates shall be issued to those participants

Outcome of the Program:

After completing the Course, the student will itself feel the difference in terms of:

- Enhanced Potential, Fair-mindedness
- Empathetic behavior & Optimistic attitude
- Dynamism, Commitment and Confidence
- Ethical Leadership & Risk taking ability

SYLLABUS

“Fundamental and application of arc GIS and Q GIS”

WELCOME to Basic Geographic Information Systems Training! For those who are new with geographic information system (GIS), please go over to our brief introduction about GIS. To be able to use this service, you need to have GIS Software. In this training, Quantum GIS (developed by Source Forge in June 2002) will be utilized. Maps and data used in this training are from the Multi-Hazard Mapping Project of ACF. Concepts and information about GIS and its application are mainly borrowed from various sources from the Internet and used under the context of this training manual. The step-by-step procedure of this training manual is mainly from the experience and skills of the author. Use of this Training Manual and Exercise Data User may use the training manual and exercise data contained in the CD for non commercial purposes, which include research, education, presentations, and non commercial publications. User should understand and agree that user may not copy, reproduce, distribute without written authorization from concern ACF or author. Inquiries about permission should be directed to any of the said party by telephone, writing or email. Basic GIS Training manual except its exercise data is deployed using the GNU General Public License

Quantum GIS Tutorial-Manual A. System Requirements for Quantum GIS Windows OS: Minimum: Pentium III / 256 MB RAM. Recommended: Pentium IV / 512 MB RAM. Operation System: Platforms Windows and Linux (Win98/XP, Linux Suse 8.2/9.0/9.2, Linux Debian (Lliurex)) MAC OS: PC/Desktop with at least Pentium IV Tiger OS, Leopard OS

C. Concept behind GIS 1. Features like House (e.g. Nipa Hut) and Place (e.g. Sea Shore) have attributes associated to them. For example, House (Nipa Hut). We have so many records and information about house. We could use database to record and share the data and information about house (e.g. Tax Mapping System). The type of house, material used, owner, status, current market value, location, photos and so forth are the attributes stored in the database. Each house is one record in the database and each column (e.g. type of house, material used and owner) is called field. Location becomes important in the attributes if someone ask “where”. Yes, location attributes in the database becomes relevant to each house to gather more information.

GIS tool in Multi-Hazard Mapping (GIS-MHM) GIS-MHM is a project of Acción contra el Hambre with agreement with concern agency. This project aims to set-up comprehensive and sustainable multi-hazard and vulnerability geodatabase of 15 Barangays in Bicol Region, namely:

Maisammaguda (H), Medchal-Malkajgiri District, Telangana State – 500100

DEPARTMENT OF CIVIL ENGINEERING
ACADEMIC YEAR: 2019-20
SUMMARY REPORT

Value Added course name: Fundamental and application of Arc GIS and Q GIS

Value Added course Instructor: Mr. Raju Bathini

In this training, Quantum GIS (developed by Source Forge in June 2002) will be utilized. Maps and data used in this training are from the Multi-Hazard Mapping Project of ACF. Concepts and information about GIS and its application are mainly borrowed from various sources from the Internet and used under the context of this training manual. The step-by-step procedure of this training manual is mainly from the experience and skills of the author. Use of this Training Manual and Exercise Data User may use the training manual and exercise data contained in the CD for non commercial purposes, which include research, education, presentations, and non commercial publications.
