Maisammaguda, Dhulapally,
Secunderabad – 500100.

Respected Sir,

Sub.: Seeking – Permission for conducting One Week Value Added Course on "Advancement in Deep Learning" :Reg.

We would like to bring to your kind notice that, we are planning to conducting a One Week Value Added Course on **"Advancement in Deep Learning"** from 21.11.2022 to 26.11.2022. In this regard, I request you to kindly request you to give approval with support for the logistics and other requirements in order to conduct the event.

Thank you Sir,

Yours sincerely,

HOD CSE - DS

One Week Value Added Course on Advancement in Deep Learning

Course Code : DS-VAC003 **Duration of Course: 36Hrs**

Objective of the Course

1) Basics of AI, ML and Deep Learning.
2) Working with data Preprocessing and Data Visualization using Python.
3) Supervised learning like Regression, Unsupervised Machine learning algorithms like SVM, KNN etc.
4) Deep learning techniques like Single and Multi-layer Perceptron, LSTM.
5) Introduction to AI, machine learning tools and techniques, Simple and multiple linear Regression.
6) Neural Networks and Multilayer Perceptron, Back Propagation CNN applications.
7) Heuristic and Metaheuristic techniques in AI.
8) Advanced Applications in Machine and Deep learning.

Syllabus

UNIT I: **16 Hrs**

Introduction to Machine Learning Introduction ,Components of Learning , Learning Models , Geometric Models, Probabilistic Models, Logic Models, Grouping and Grading, Designing a Learning System, Types of Learning, Supervised, Unsupervised, Reinforcement, Perspectives and Issues, Version Spaces, PAC Learning, VC Dimension.

UNIT II: **20 Hrs**

Supervised and Unsupervised Learning Decision Trees: ID3, Classification and Regression Trees, Regression: Linear Regression, Multiple Linear Regression, Logistic Regression, Neural Networks: Introduction, Perception, Multilayer Perception, Support Vector Machines: Linear and Non-Linear, Kernel Functions, K Nearest Neighbors. Introduction to clustering, K-means clustering, K-Mode Clustering.

Outcomes:

1. One of the most obvious outcomes of attending a deep learning workshop is that you will gain a deeper understanding of the latest advancements in deep learning research and technology. This may include learning about new deep learning models, algorithms, and techniques, as well as new applications and use cases.
2. In addition to learning about deep learning concepts and technologies, attending a workshop may also give you hands-on experience working with deep learning tools and frameworks. This can help you develop practical skills that you can apply in your work or personal projects.
3. Workshops can be a great place to meet other professionals who are also interested in deep learning. You may have the opportunity to connect with other attendees, deep learning experts, or deep learning vendors who can provide valuable insights, advice, or even job opportunities.

One Week Value Added Course on Advancement in Deep Learning

One Week Value Added Course on **Advancement in Deep Learning** is a dot com business One Week Value Added Course on **Advancement in Deep Learning** was Organized by Department of CSE-Data Science, MREC(Autonomous), Secunderabad during 21.11.2022 to 26.11.2022. The schedule was planned in such a way that, from the basic and most of the topics were covered in depth.

The modules covered are

1. Transformers
2. GANs: Generative Adversarial Networks (GANs)
3. Reinforcement Learning
4. Meta-Learning
5. automated machine learning

Broad Platform Support the field of deep learning has seen tremendous advancements in recent years, with new breakthroughs and discoveries being made all the time. From transformers to GANs, reinforcement learning to meta-learning, and autoML, these advancements have the potential to revolutionize the way we approach complex problems and improve our ability to create intelligent systems. As researchers and practitioners, it is important to stay up-to-date with the latest advancements in deep learning to ensure that we are equipped to tackle the challenges of the future. Whether you are just starting out in the field or have years of experience, there is always something new to learn and discover in the exciting and rapidly evolving world of deep learning.

Inaugural session: 10:00 a.m., 21.11.2022.
