#### About the Institution

Malla Reddy Engineering College (Autonomous) is one of the reputed engineering colleges in Hyderabad, Telangana. MREC(A) is part of Malla Reddy Group of Institutions (MRGI), founded by Sri.Ch.Malla Reddy, currently Hon'ble Minister, Labor & Employment, Factories, Women and Child Welfare and Skill Development, Govt. of Telangana State. The college is situated in a serene, lush green environment in Maisammaguda, Medchal-Malkajgiri District Telangana- 500100.

The college was established in 2002 and is an autonomous institution approved by UGC and affiliated to JNTUH. The college is re-accredited by NAAC with 'A' Grade (II Cycle) and was conferred autonomous status by JNTUH in 2011 and by UGC in 2014 for a period of 6 years. Our eligible UG and PG programs received NBA accreditation and some of them received reaccreditation too along with programs in various streams of Engineering & Technology and Management. It boasts of world-class infrastructure and well-equipped laboratories in all departments and is skillfully and smartly guided by Dr.A.Ramaswami Reddy, Principal, MREC(A) who have a rich teaching and industrial experience.

#### Vision of the Department:

To establish a center of excellence in Civil Engineering with research and innovative technical skills with ethical ambience.

#### Mission of the Department:

- To impact quality education and research to undergraduate and postgraduate students in civil Engineering to produce entrepreneurs, professionals, scientists and bureaucrats.
- To impart conceptual and practical education in advanced technologies, keeping in view socio-economic and ethical needs.

- To enhance research and consultancy activities in collaboration with government, public and private sector units.

#### About the Department:

The Department of Civil Engineering at MREC has been producing high quality technical manpower needed by industry, R&D organizations, and academic institutions since 2004 with an Intake of 60. The intake has been increased to 120 in the year 2009 and 180 in the year 2014. The Department started offering M.Tech with Structural Engineering specialization in 2010 with an intake of 18, two more courses at P.G level- geotechnical engineering and transportation engineering are being offered from the academic year 2013-2014 with an intake of 24 each. The department was accredited by NBA in the year 2014.

#### Overview of the Programme:

The primary responsibility of student is not only to study towards a higher vision but also create a strong sense of bonding between the institution and the students to nurture a stress-free holistic environment.

To enhance the quality of life for the students enabling them to introspect and learn techniques that imbibe ethics & morals in their teaching and help prepare students for active and successful participation in a modern society, producing individuals of high character, probity and honor.

Proposed VAC is helping to imbibe the skills and competencies required to achieve goals directed by values, to maintain and enhance faculty effectiveness by inculcating dynamism and leadership qualities and to develop commitment and ethical approach towards work, and instill a sense of responsibility towards the institution. Also to enhance communication and soft skills, by introducing innovative teaching methodologies and developing an inter-personal connection with students. To achieve this goal, Art of Living foundation is conducting this workshop through ATA.

#### Objectives of the Programme:

- ❖ To imbibe the skills and competencies required to achieve goals directed by values.
- ❖ To maintain and enhance student effectiveness by inculcating dynamism and leadership qualities.
- ❖ To develop commitment and ethical approach towards work, and instill a sense of responsibility towards the companies.
- ❖ To enhance communication and soft skills of the students by introducing innovative methodologies and developing an interpersonal connection.

#### Topics to be covered:

- ❖ Design
- ❖ BIM
- ❖ Reflex
- ❖ Virtual Building Model
- ❖ 3D Shapes

#### Test and Certificate:

A test will be conducted at the end of the program and the certificates shall be issued to those participants.

#### Outcome of the Program:

On successful completion of this course student will be able

- ❖ Use and operate BIM Software
- ❖ Apply the knowledge of 3D shapes and See them in Software Virtually.
- ❖ Apply the knowledge of principles and purpose of Building Information Modelling.
- ❖ Use Reflex, Virtual Building Model and basic Design Components.

## DEPARTMENT OF CIVIL ENGINEERING

### REPORT ON

### **BUILDING INFORMATION MODELING**

*Conducted from 14.11.2022 TO 19.11.2022*

**Resource Person:** Er.T.k.Kumaraswamy, Sundar Sundaram Architects, Erode

**Department Coordinator:** : Dr.C.M.Vivek Vardhan, Associate Professor, Civil Dept.  
MREC.

The recent training on Building Information Modeling (BIM) provided a comprehensive understanding of the principles, tools, and workflows essential for modern construction practices. Participants were introduced to various BIM software tools such as Autodesk Revit and ArchiCAD, and gained insights into industry standards. The training emphasized BIM implementation strategies, focusing on effective collaboration and coordination among project stakeholders. Additionally, participants acquired skills in BIM data management, including file organization and interoperability. The training highlighted the importance of BIM in sustainable design, facility management, and construction management, showcasing its potential for enhancing project efficiency and reducing costs. Overall, the training equipped participants with the knowledge and practical skills needed to leverage BIM effectively in their respective roles within the construction industry.
