(57) Abstract :

Our website is a comprehensive platform for retrieving important identification information about individuals participating in competitive programming on Code-chef. With the increasing popularity of coding competitions, it becomes essential to have access to the latest and most accurate information about the participants to evaluate their skills and capabilities. Our platform provides users with crucial information such as the global rank, country rank, highest rating, and present star of the individual, making it easy to assess their performance and growth over time. What's more, our website allows you to track your friends and known ones' progress on the platform.The website's user-friendly interface allows you to easily search for a specific user and access their profile with just a few clicks. You can also browse through the rankings to see the top performers in various categories and countries.Additionally, our website allows you to create a personalized dashboard where you can keep track of your friends and loved ones' progress. This feature is particularly useful for recruiters looking to hire the best coding talent or participants looking to measure their progress and benchmark their performance against their peers.With our website, you can easily stay updated on your friends and known ones' Code-chef progress and even celebrate their achievements with them. We understand the importance of building a community in the coding world, and our platform strives to facilitate just that. In conclusion, our website provides an efficient and effective way to access the identification information of individuals participating in competitive programming on Code-chef. With accurate and up-to-date data, you can make informed decisions and stay ahead of the competition. What's more, our platform allows you to create a community and track the progress of your friends and known ones.
