Five Days Value Added Course on Soft Skills and Coding Blocks

Course Code : DS-VAC005

Duration of Course: 30 Hrs

Objective of the Course

The main aim was to develop confidence in students and improve their communication skills. The students to make them understand the importance of Public Speaking and develop stage daring as well. Soft skills Value Added Course for students is to equip them with a set of personal attributes and abilities that are crucial for their personal and professional development. Understanding students' abstractions in block-based programming environments.

Syllabus

UNIT I: SOFT SKILLS

Total Hrs:16

Enhance Communication Skills, Develop Problem-Solving Skills, Collaboration, Cultivate Leadership Abilities, Improve Time Management, Encourage Adaptability, Enhance Team work, Build Emotional Intelligence, Promote Ethical Decision-Making, Strengthen Interpersonal Relationships.

UNIT II: CODING BLOCKS

Total Hrs: 14

Introduction to Coding, Algorithms With Block Coding and Variables using block coding

Outcomes of the Course:

1. Soft skills Value Added Courses for students are designed to enhance various interpersonal abilities . These skills not only contribute to a student's academic success but also play a vital role in their future careers, helping them to stand out in a competitive job market.
2. A rubric was created to reveal the students' abstraction performances. the most popular methods of learning opted by students.
